

MSA Bristol Rescue Stretch are incredibly light and dynamic garments providing great comfort and protection for technical rescue teams.

The combination of GORE-TEX CROSSTECH® PYRAD® stretch fabric with flame retardant (FR) stretch lining system used in MSA Bristol rescue stretch garment optimises the fit and performance when working while providing excellent freedom of movement.

GORE-TEX CROSSTECH® PYRAD® is a highly breathable, wind and waterproof fabric which helps protect against incidental flame and helps prevent penetration from viral and blood borne pathogens and common chemicals often found at rescue incidents.

Features and Benefits

 <p>FREEDOM OF MOVEMENT AND COMFORT</p>	<ul style="list-style-type: none"> ✓ 4 way stretch fabric additionally supported with the stretch lining and stretch reflective to move with the wearer, not restricting stretch properties of the outer material ✓ Provides great fit and can be worn comfortably over different numbers of layers depending on the weather. Dries quickly after use or washing
 <p>ALL WEATHER PROTECTION</p>	<ul style="list-style-type: none"> ✓ Highly breathable material offers a high level of comfort ✓ Windproof and waterproof material prevents moisture from being absorbed, keeping wearer comfortably dry even during long periods of use
 <p>HAZARD PROTECTION</p>	<ul style="list-style-type: none"> ✓ Prevents the entry of viruses and other blood-borne pathogens and everyday chemicals ✓ Protects against brief exposure to flames
 <p>LIGHTWEIGHT</p>	<ul style="list-style-type: none"> ✓ Very light and comfortable garment with total weight of 380 g/m²
 <p>DURABILITY</p>	<ul style="list-style-type: none"> ✓ Quality is not affected by repeated washing and decontamination
 <p>VISIBILITY</p>	<ul style="list-style-type: none"> ✓ Available in many highly vis colors or other color combinations
 <p>INCLUSIVE DESIGN</p>	<ul style="list-style-type: none"> ✓ Male and Female design available to optimise the fit for all genders (28 sizes for each style)
 <p>DUTY SPECIFIC DESIGN</p>	<ul style="list-style-type: none"> ✓ Foam shoulder pads ✓ Curved elbows ✓ Internal Kevlar Enhanced Elbow Padding (to protect from broken glass, reaching through metal) ✓ Dark contrast panels in areas exposed to dirt ✓ Antistatic pull tab on pockets for gloved hands ✓ Knee pads with darts for shaping, constructed of lightweight Kevlar felt and reinforcement fabric pads ✓ Practical storage available in the form of 2 front pockets and 2 Trousers side pockets. ✓ Reinforced boot cut to reduce wear and tear on the back bottom of the legs

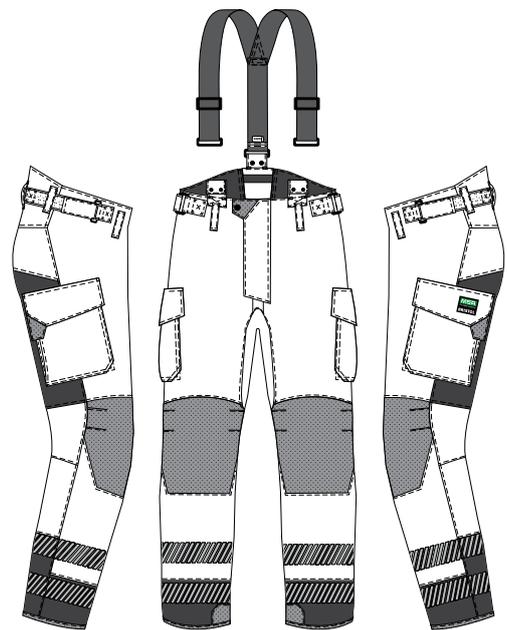

Coat Model No.: RS/A

COAT DESCRIPTION	
DESIGN DESCRIPTION	<ul style="list-style-type: none"> Ergonomic/ preformed sleeve design with supple reinforced elbow panels. Enclosed foam shoulder pads Internal Kevlar Enhanced Elbow Padding (to help protect from broken glass, reaching through metal) Wrist Adjusters Heat sealed segmented stretch trim reflective Female Pattern: enhanced fit for the female Double front flap for water resistance Dark contrast panels in areas exposed to dirt Webbing hanger loop at the back neck Membrane Inspection opening system at the bottom
POCKETS AND FEATURES	<ul style="list-style-type: none"> Outer pockets: 2 bellow pockets bar tacked at top corners with Shaped flaps and Reinforcement pull tab for gloved hands. Inner pocket: 1 patch pocket on lining, lower right front 1 x Pen pocket on left sleeve 1 x Radio pocket with grab tab, microphone accessory loop Antistatic Grab-Tabs on all pockets
TRIM	<ul style="list-style-type: none"> 50mm heat sealed segmented stretch trim reflective to optimise stretch fabric

Trouser Model No.: TRS/A

TROUSER DESCRIPTION	
DESIGN DESCRIPTION	<ul style="list-style-type: none"> 2x waist adjuster straps with Hook & Loop waist adjusters Hook & loop fastening tape fly flap + press stud Webbing hanger loop at the back waist Knee pads with darts for shaping, constructed of lightweight Kevlar felt and reinforcement fabric pads Heat sealed segmented stretch trim reflective 5 x belt loops around waist High back trouser Dark contrast panels in areas exposed to dirt Reinforced boot cut to reduce wear and tear on the back bottom of the legs and inner ankle area Membrane Inspection opening system at the back waist
POCKETS AND FEATURES	<ul style="list-style-type: none"> Outer pockets: 2 x pleated back bellow pockets with pen pocket in right (mitred drainhole to front) with shaped flaps Inner pockets: 1 x patch pocket on lining on back right hip
TRIM	<ul style="list-style-type: none"> 50mm heat sealed segmented stretch trim reflective to optimise stretch fabric
